marma j token is traded against wNEAR, nDAI, and wETH

marmaj token pairs

check out the marmaj token on app.ref.finance

marmaj - wNEAR

marmaj - nDAI

marmaj - nWETH

how it works

1 you've been approved for your proposal to spread love and positivity in the web3 space

2 submit a payout proposal to marmaj.sputnikdao.near with the target of marmaj.near

3 marmaj.near will use NEAR to add liquidity for marmaj token (on wNEAR pair)

4 an equal amount of marmaj that are added by marmaj.near to provide liquidity will be transferred to whoever submitted the initial proposal

contribute to the cause

what to do

you've earned marmaj tokens, now what?

sell easy to use ui

lp add to liquidity on the same ui as sell/buy
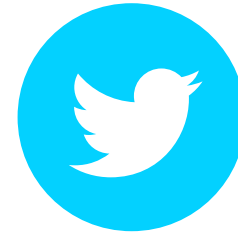

hodl price might go up in future or just hold until there is better liquidity
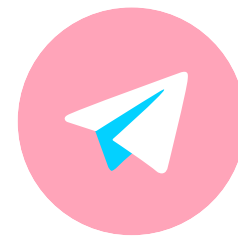

give spread the love by giving away to friends
