

Save Us Lyrics

Just the other day
I was walking down the road
Many things in my mind

Many things going on..
Oh lord, save us in this nation (in this nation)

Ra pa pa
And they shooting in the streets
Oh no
People dying
People suffering.
In the streets

Suffering and smiling ooh no
But I'm the tune
I'm gon preach,
I'm not happy about these things
When I think about all of these

People full of deceit
Open my eyes so
I see the bullshit
Many things ain't right
But we gonn change some things

I believe the more you spread love
The more you do good
The more you make the world a better place

Open your mind
Do you think that God is pleased
With us?
No no no no no
Many things we need to change in ussss

We have to see the light
We gotta see the light

Of the universe

I'm awake
I'm awake
Yea I'm living
Hey I'm living
I'm awake
I'm awake

Are you livingg are you sleeping
are you sleeping
Don't be snoozing yea

See the world need more love
See it starts with us
We can change
But the world needs .more love
Many people feeling lost

I'm the tune freestyling
Pon d mic
Do you feel me ?
Do you feel me?

All dem they looking at me
They know that I'm one of a kind
They feeling me

My music taste so nice
My energy feel so nice

Yea I take dem from phase one
Down to phase 2

Musical
Verse1 you know down to verse 2

Yea I'm clean on d mic
Thank God for the gift of life
Ima preach
Ima do my ting JEJE
Ima hustle get the paper JEJE

Feel me, Naija boy
Steady repping eko

Lagos cii ity
Lagos cii ity

I'm awake
I'm awake
Are you living
I'm awake
I'm awake
I'm a wake
But are you living
Are you living?
